

## 07.4-0004 Vehicle features

Engine	104.990	119.970	119.971	119.974	120.980
Version	KAT/without KAT	KAT/without KAT	KAT/without KAT	KAT/without KAT	KAT/without KAT
Model	140.032 140.033	140.050 140.051	140.042 140.043	124.036	140.056 140.057
LH designation	LH	LH	LH	LH	LH
Compression ratio	10	10	10	10	10
Ignition system	EZL	EZL	EZL	EZL	EZL
LH resistance trimming plug	White inscription KAT/ECE	White inscription KAT/ECE	White inscription KAT/ECE	White inscription KAT/ECE	White inscription KAT/ECE
Ignition system resistance trimming coupling	Green inscription and part no.	Green inscription and part no.	Green inscription and part no.	Green inscription and part no.	Green inscription and part no.
Coolant temperature sensor	One temperature sensor one four-pin connection for LH control unit	One temperature sensor one four-pin connection for LH control unit	One temperature sensor one four-pin connection for LH control unit	One temperature sensor one four-pin connection for LH control unit	Two temperature sensors one four-pin connection for each LH control unit
Fault recognition	LH control unit fault memory, EZL control unit fault memory	LH control unit fault memory, EZL control unit fault memory	LH control unit fault memory, EZL control unit fault memory	LH control unit fault memory, EZL control unit fault memory	LH control unit fault memory, EZL control unit fault memory
Accelerator control/cruise control systems	LLR LLR/TPM EFP	LLR/TPM EFP	LLR/TPM EFP	EFP	EFP
Air injection	with KAT	with KAT 1)	with KAT 1)	with KAT 1)	with KAT 1)
Exhaust gas recirculation	X 2)	X	X	X	X

1) Except (AUS).

2) Only (J) (USA).
